A VERY PROPER THING.

A resolution that is intended to have something in it that will benefit Nevada has been introduced in the Assembly, adopted and ordered printed. The resolution was introduced by Speaker Van Duzer. It instructs the committee appointed by the legislature to confer with the Southern Pacific railroad officers to ask for a reduction in fares and freights and to ask an adjustment of unfair discrimination against the State.

It also directs the committee to ask that our loads of freight received from the east be left at the point of destination and the additional hauling rates now charged to tide water and return be deducted. A terminal point for Nevada will be asked for by the committee, to complete the line of their instructions.

It is not the purpose of the JOURNAL to take exception to the language used in the resolution as it is proper at this time to deal with the company after the manner of enlightened, self-governing men. To petition is proper and becoming when our past relations to the railroad are considered in the light that has been thrown upon them by the company. There has been in some particulars a change of management which is entitled to respectful consideration from the people, and from the legislature as their representative in matters of conference included in the resolution. The propriety of a conference between the legislature and the railroad officials may be called in question by our people. The conference should be regarded in the light of reason, as all business matters should be conducted upon a reasonable footing, when differences exist.

Passion and prejudice should have neither place nor presence when differences are subjects for arrangement. It should also be taken into consideration that in large commercial interests when differences exist there is much involved that demands careful adjustment to avoid injury to interests that enter largely into the welfare of the people.

Union of interest and union of effort should be the real basis upon which differences existing should be adjusted. When the matter is examined in the light of common sense it will appear to the minds of reasonable men that a conference between the committee appointed by the legislature and the railroad officials is the proper way to reconcile differences when large and various interests are subject to consideration and adjustment.

When it is ascertained that reason has ceased to influence and justice has no place in public or in private affairs, it will then be sufficient time to apply other means to procure justice and right. The legislature has taken the proper course to secure the attention of the new management to railroad grievances in Nevada, and by pursuing the course it has entered upon will continue to make known to the people its prudence and good sense in business.

There seems to be an impression upon a class of minds that it is necessary to do something to bring the person who has a mind of the class mentioned into notice. The something done to secure notice is usually very foolish, and for that cause devoid of common sense. It is evident from the mode of proceeding adopted by the present legislature respecting its business that the class of mind referred to is not represented in the body in any noticeable manner, for which reason it is believed by the writer that the best interests of the people are secure when conducted by the men they have chosen to represent them in Senate and Assembly.

MORE TROUBLE IN CHINA.

The latest news from China is to the effect that it will be necessary to bring the Chinese up to the standard of concession required in certain quarters to make more war upon them by marching an army into the interior of the country. The United States will refuse to engage in any renewal of the war by declining to enter upon any movement that will tend to disturb the peace there is at this time in the country, which action has an appearance of a humane feeling possessed by those who are directing affairs for Uncle Sam at home and in China.

SYRUP OF FIGS

NEVER IMITATED IN QUALITY.

An Excellent Combination.

A pleasant method and beneficial effect of the well known remedy, Syrup of Figs, manufactured by the California Fig Syrup Co., illustrate the value of obtaining the liquid laxative principles of plants known to be unconditionally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectively, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from a fig and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the company printed on the front of every package.

It is hard to understand where good could come from any disturbance of the peace so lately secured. Surely the number of people killed should be sufficient to satiate the desire in a civilized man for blood. The blood letting desire may not be the moving cause to opening the way.

Whatever the cause may be should be carefully considered before breaking a peace that seems to be of a permanent character. Ambition is more likely at the bottom of the movement, which would make the war less justifiable than it would be, were their rights to be secured that are denied. The chief complaint made known is that China is not sufficiently vindictive toward those who engaged in the Boxer movement.

VARSITY DOINGS

Short Summing up of the Happenings up on the Hill of Learning.

Captain J. E. Britt, Commandant of the cadets, continues to hold recitations in military tactics. Open air drill will begin as soon as the weather permits.

A debate was held last evening to decide who shall compose the team that the U. of N. will enter in the inter-collegiate debates.

The field day team in prospective do most of their training at present in the gymnasium. If fair weather continues, track work will soon be in order.

The cadet band promises to be a record breaker this year. Under the leadership of Dick Tobin, the musicians are developing into artists.

New Wall Paper.

We have received the greater portion of our new stock of papers for this spring's trade.

Prices are twenty to twenty-five per cent lower than last year, while the goods are of better finish and design. We have reduced the prices of our bold over stock to meet the new prices of the new goods.

We have bought the most of our paper from the east and direct from the factory. We have a larger stock than ever before and so have obtained larger discounts, thereby being enabled to sell our goods cheap.

We will sell to you from 10 cents per double roll to three and four dollars per single roll. You will make a mistake by not looking over our stock before sending away.

A Good Indication.

Ever since the matter of issuing bonds for a new court house and sustaining the fire department was broached, Conn'y Clerk Fogg has been in receipt of letters from capitalists, bankers and stock brokers. Many of them seem eager to make Washoe county their debtor, satisfied that they would have a gilt-edged risk.

Trouble up The Road.

Truckee River on a Rampage.

THE RESOURCES OF NEVADA

In this department will appear from day to day articles descriptive of Nevada from the pen of Hon. E. D. Kelley, State Surveyor-General.

AGRICULTURE.

NEVADA is roughly estimated to contain 20,000,000 acres of agricultural lands. According to the reports of the several County Assessors, not over 500,000 acres of this area is under cultivation.

The crops produced are generally wheat, barley and alfalfa, though in some of the valleys, especially along the Carson river in the vicinity of Dayton, on the Truckee east of Reno, and near Lovelock on the lower Humboldt, potatoes comprise the principal crop of a number of farmers and are of such excellent quality that they command the highest price in the San Francisco market.

A ton and a quarter to a ton and a half of wheat to the acre is not infrequent in the agricultural valleys and two or three crops of alfalfa, or from three and a half to five tons to the acre, are generally produced in a season, and in some localities four good crops are harvested annually.

Nearly all the valleys, where water is available, are adapted to the growth of the sugar beet, but as yet there is not a sugar factory in the State.

Both soil and climate are favorable for the profitable production of the cereals, vegetables and fruits of the temperate zone, and the only obstacle to extensive agricultural operations in nearly all the valleys of Nevada is the scarcity of water, and that can be surmounted to a very considerable extent by systematic storage in the spring, when the mountain streams are swollen by the melting snow.

DISGRACE TO RENO

That This City Should Harbor the Basest Dregs of Humanity.

Sheriff McLean and District Attorney Perkins have made the rounds of Reno's saloons and notified the proprietors that henceforth and forever there will be arrest, conviction and punishment if women are not kept out of drinking places.

A big run about town last night revealed the fact that 35 of the saloon keepers were at the time of visitation taking the officers' advice. Let arrests follow. Bluffing does only temporary good. The officers have started out on the right track. They should now follow up their advantage.

A count has broken out among the nequeaters, drunk rollers, strong arm men, dope dealers and similar scum.

Most of the dive registered at uptown hotels and a few have gone to California. But it isn't enough to shoot them away and let them drift back like jackals to a rotten carcass.

The officers and the public generally know who these two score panderers are. The JOURNAL is waiting for the arrest, study or in a bunch. Arrest them, prosecute them, convict them. It isn't difficult to send them up, provided self-respecting jurymen, men with families are emancipated. Purge the city of these plagues.

Dressed in clothing that their own money did not purchase, jingling coins that were earned by fallen women, they stand in knots on street corners and leer at passers by. Three days hard effort on the part of the myrmidons of the law will rid the town of this curse. It is the duty of every citizen to prefer charges against them, if other remedies fail. This time the JOURNAL is in the fight to stay.

Eli Perkins Will Surely Be Here.

ON TRAIN IN INDIANA, Feb. 14. John Edwards Bray, Lecturer Committee, Reno: The bureau informs me that I am to tell the absolute truth for two hours in Reno, Tuesday, Feb. 26.

Very well, I will be with you, and will probably arrive on the 5:40 a. m. train, Monday, Feb. 25. I do this to take advantage of snow or accidents. I never fail to be present—when I lecture.

If all trains break down I will walk over from Ogden and let my truth and veracity follow on the freight.

My subject will be "Wit and Humor" and "Stories Around the Stove." My lecture is really not a lecture, but an entertainment. It will be philosophical and, at the same time, cause as much laughter as your audience can stand without going into fits.

In the meantime and until I come, say a kind Providence continue to protect you from Your friend, ELI PERKINS.

Quick Work.

Thomas F. Boyle and Philippi Campbell of San Mateo, rushed into the County Clerk's office yesterday with Rev. J. M. Phelps a close second. Cupid Fog made out a marriage license in big time and before the ink on it was dry Rev. Phelps had pronounced the fateful words and a marriage that had been made in heaven was given the blushing touches on earth.

IN COURTS OF JUSTICE

What Certain People are Doing and What is Being Done to Them.

W. Fred Hasell, the convicted confidence man, was yesterday sentenced by Justice Linn to pay a fine of \$360 or go to jail six months. He chose the latter alternative. A new trial will probably be asked for.

The famous Woods case will be tried in the Justice Court this afternoon. Seats in the bald-headed row will be at a premium.

A little passage at arms occurred in the Justice Court Tuesday between two attorneys. The opposing counsel got all wrought up over an incident that arose out of the Hasell trial. The present district attorney is putting all his energies into the prosecution of his cases and in this instance the plug blew out of his safety valve.
